

BACKGROUND CHECK

Airsoft weapons are subject to the laws of the New Zealand Firearms Code.

Due to the nature of Airsoft Weapons used in events, new applicants for membership to the club stated on this form may undergo a basic background check.

This may affect your application membership if you have had any criminal convictions, in particular any relating to firearms offences.

Applicant details will be passed onto the local Police Arms Officer for assessment. All findings will remain confidential - the Police will not discuss any details with club representatives.

This check is designed to protect the club, its members and the Airsoft community within New Zealand. Thank you for your understanding.

By completing and signing this form I hereby give the above mentioned club permission to forward my details to the local Police Arms Officer for the purposes of conducting a background check to assess my suitability for membership and/or participation in club events.
